FLOUR Every good retailer tries to lower food costs.

That's why our store urges the economy of eating more bread. Home-made bread baked from ZEPHYR FLOUR is the most nutritious of all foods.

In ZEPHTA FLOUR you buy only hearty concentrated food. Meat is 60% water. Potatoes contain 75% water. You pay for this water when you buy either. ZEDHYR FLOUR has only 13 1-2% water. It is all food. Take our advice. Eat more bread. But

be sure it is ZEPHYR FLOUR bread for there is no flavor so palatable, so suggestive of grandmother's cooking as that twangy sweetness which distinguishes Zenn made good things.

It is only fair to our employes and the public to say that The Atchison Topeka & Santa Fe Railway Com-
